CANNABIS INVESTOR SUMMIT

– HOSTED BY INVEST IN DENMARK AND INVEST IN ODENSE – POWERED BY NNE

A strong horticultural heritage, strong pharma brands and attractive legislation for production of medical cannabis made Denmark one of the first movers in Europe.

Join us for the first Cannabis Investor Summit – where investors, growers, ancillaries and businesses meet.

This event gathers public, institutional and private players – and is a unique opportunity to:

- Educate and accelerate the Danish cannabis ecosystem
- Strengthen the relationship between investors, cannabis entrepreneurs and industrial influencers

We look forward to seeing you!
